### RETROSPECTIVE TARGET MET!

We've done it! We've reached the 6,000-recruitment target for the Retrospective Study! We could not have done it without our amazing sites. So, **THANK YOU!**

Congratulations to Dr Nalin Mathur from Leicester who entered the 6000th record to the database.

To celebrate this amazing achievement, we held a PIC Bone party! We are now going to be busy with data cleaning, data analysis, and writing up!

### Message from Tim and Dan:

“Wow! Christmas definitely came early in the PIC Bone office – with study recruitment wrapped up in early December.

It's another successful NIHR study, delivered by the combined power of Children's

Orthopaedic Teams and Children's ED Teams – the power of BSCOS & PERUK! Boom! Very awesome – thank you.”

### UNRESOLVED RETRO QUERIES

Please help us to resolve any data queries. Focus on answering Retrospective queries by the **20th of January 2025.**

We can then complete the final data lock for our statisticians to build their models. Please get in touch if you need any help.

### TOP INDIVIDUAL RECRUITERS

#### Retrospective records

- Chiara Deleonardis (Colchester): **183**
- Kevin Donnelly (Sussex): **160**
- Rebecca Thorpe (Bristol): **159**
- Elizabeth Ryan Harper (Cardiff): **143**
- Mark Lyttle (Bristol): **135**

#### Prospective participants

- Elsa Mathew (Leicester): **82**
- Sarah Siner (Alder Hey): **68**
- Sarah Hopton (Oxford): **57**
- Kerry Meynell (Cambridge): **51**
- Ruth Bonsor (Bristol): **45**

## NEWS BITES:

### CHRISTMAS COVER

There will be reduced central team cover during **25 December 2024** – **01 January 2025**, but please email the PIC Bone inbox for any matters.

### DELEGATION LOGS

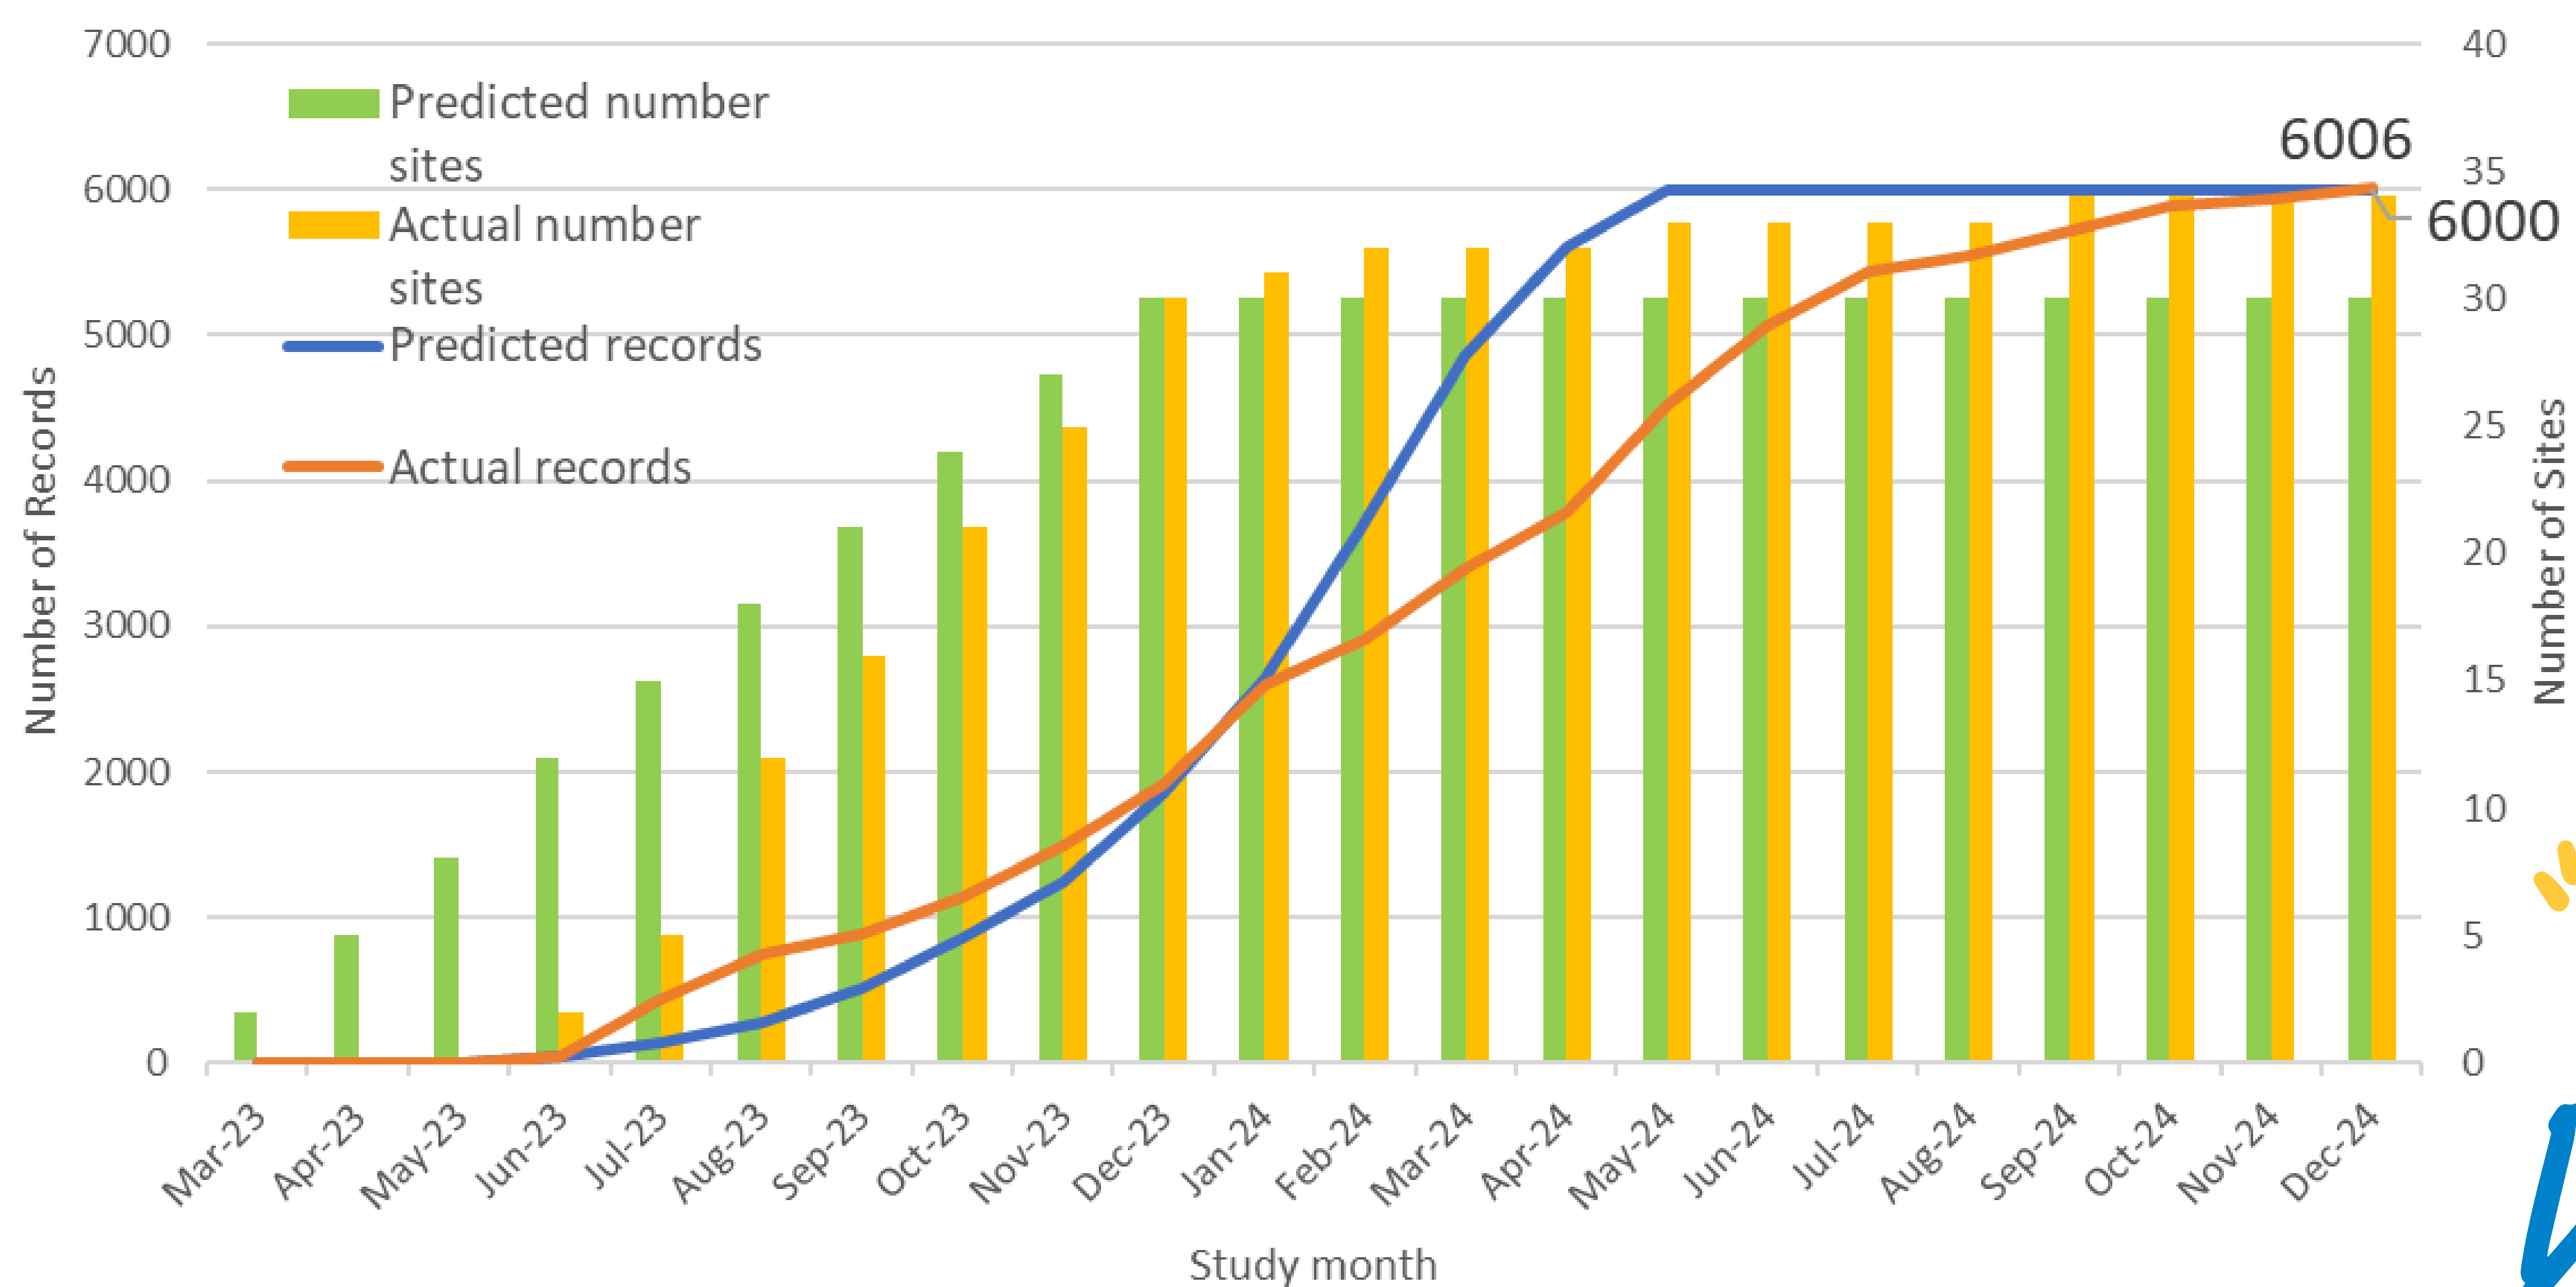

If there are any staff members who have stopped working on the PIC Bone study, please update their delegation log entries and add an end date to their duties. We will then revoke their access to the database(s).

### CONSENT FORMS

Patient's who were approached prior to the Prospective target being reached will no longer be able to consent to the study.

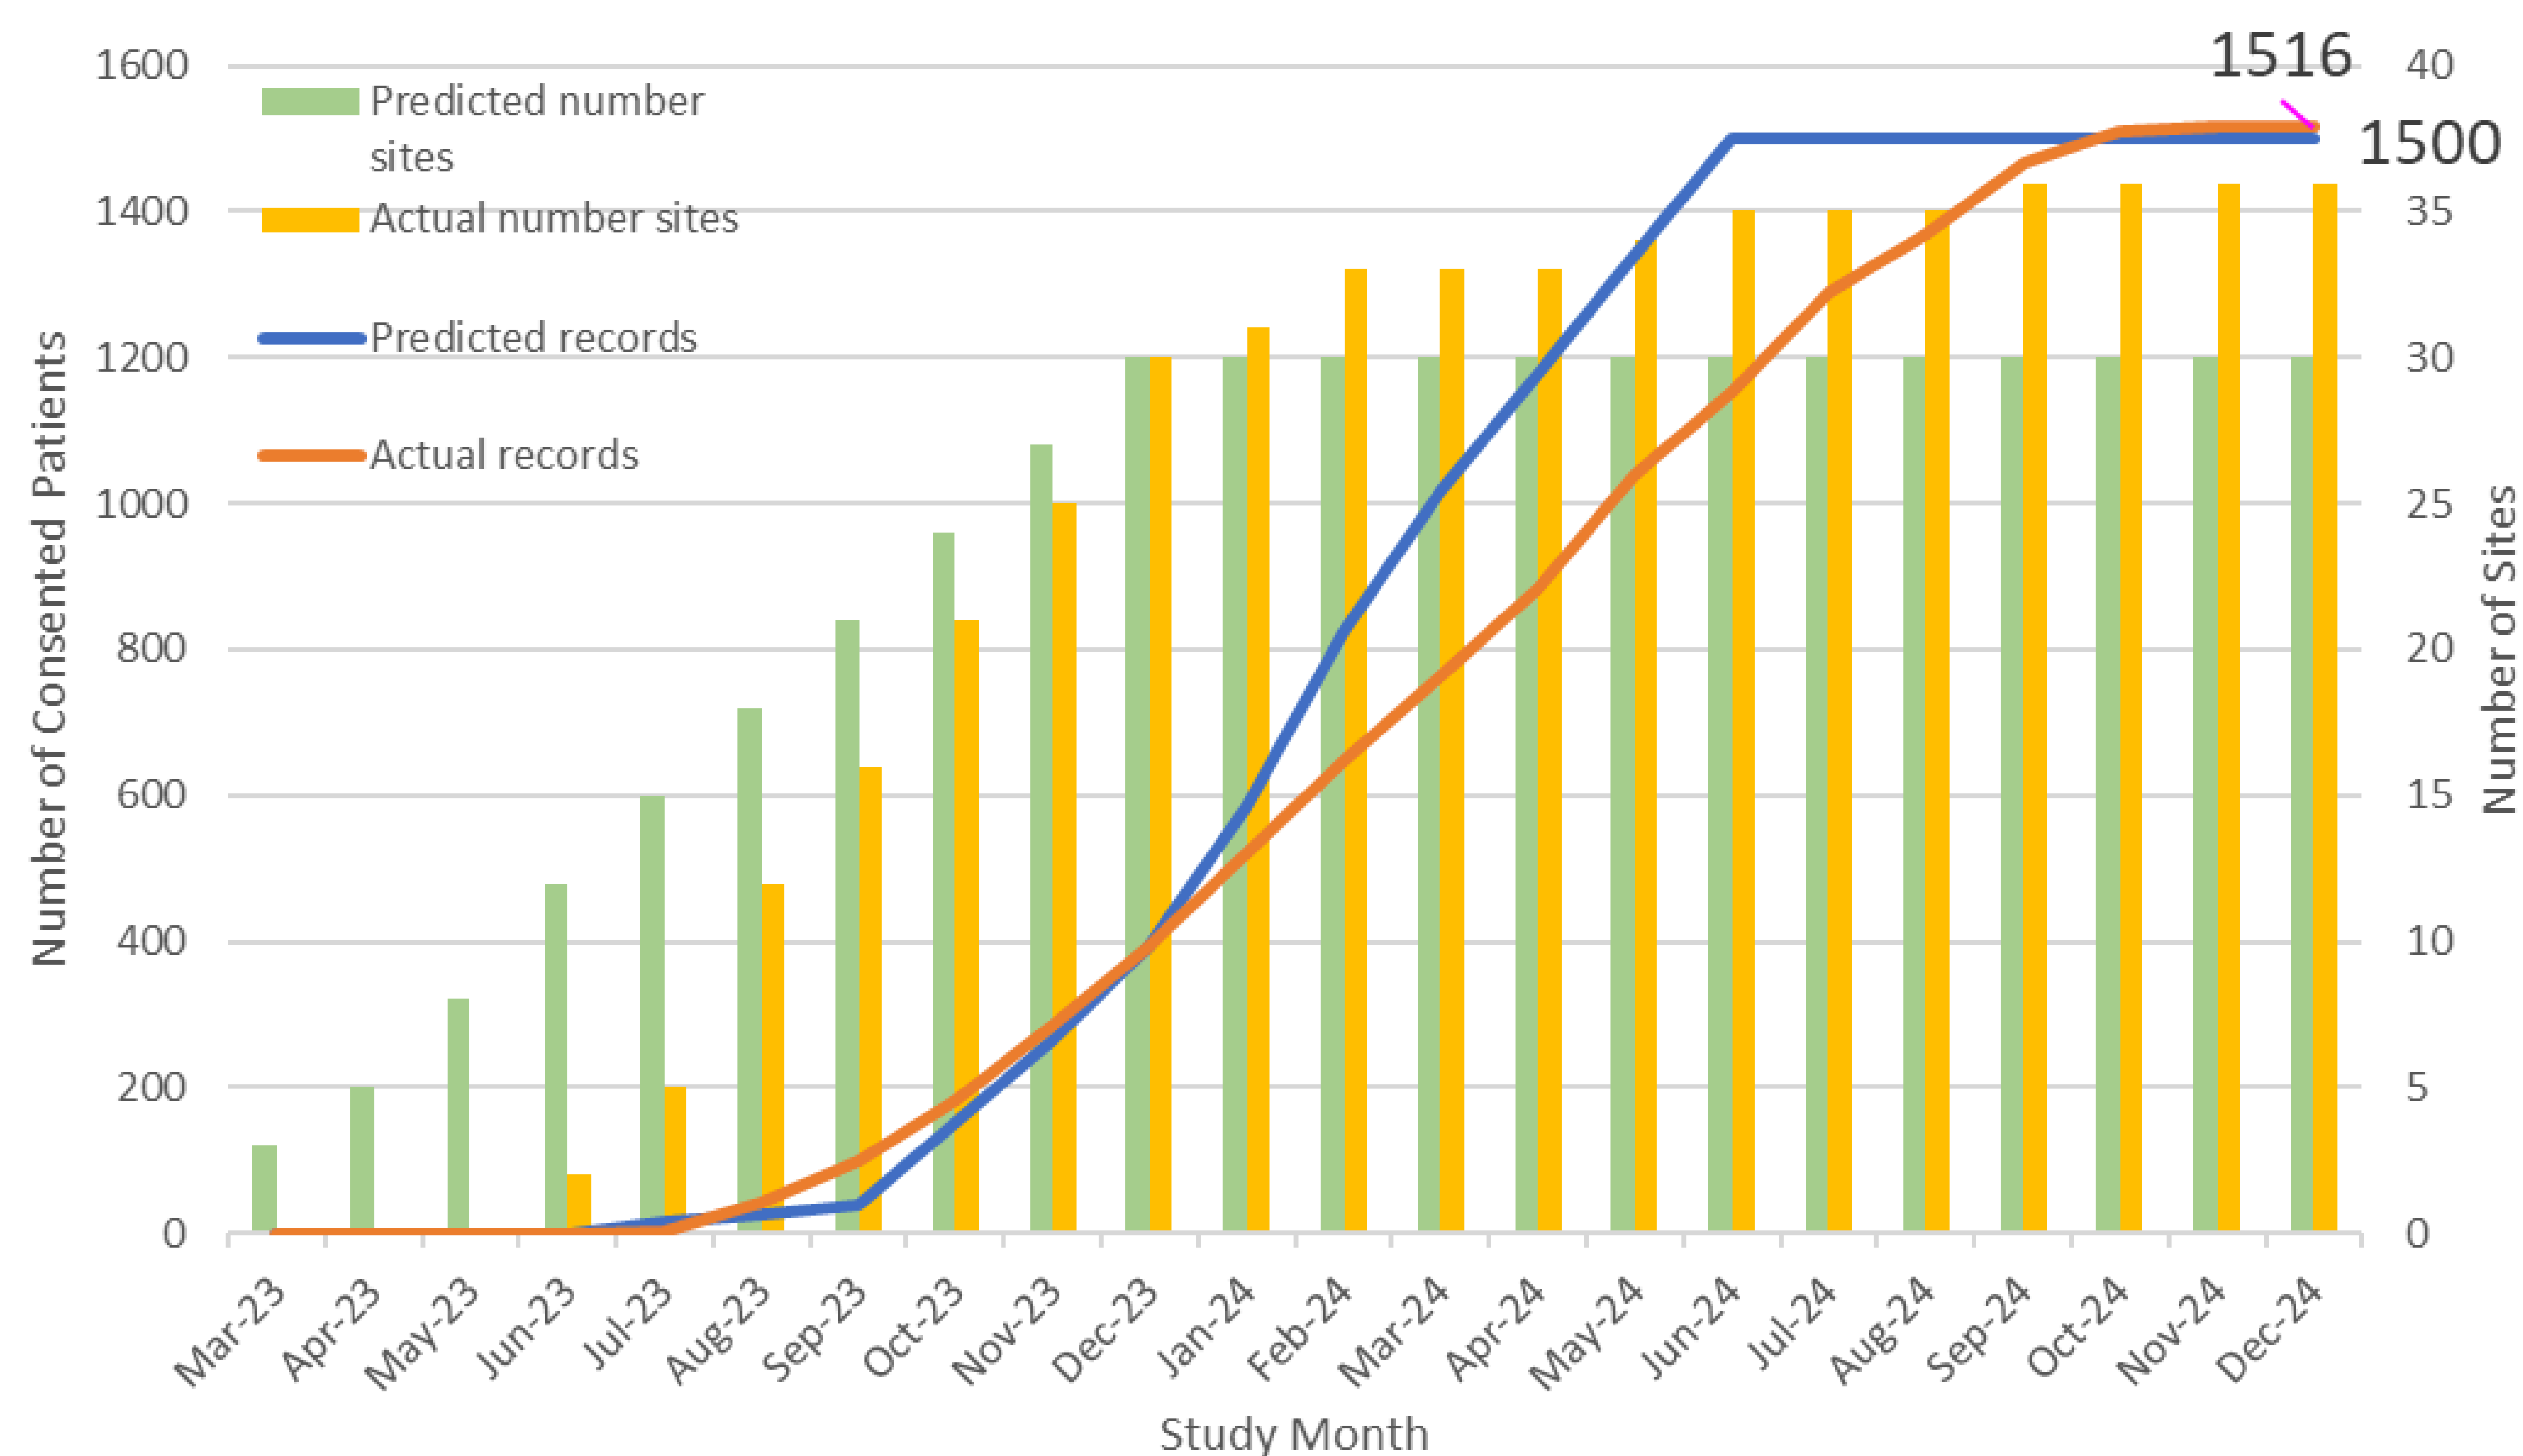

## Recruitment Updates - Study Charts:

### Retrospective Study Recruitment as of 17 December 2024

**"WE DID IT!"**

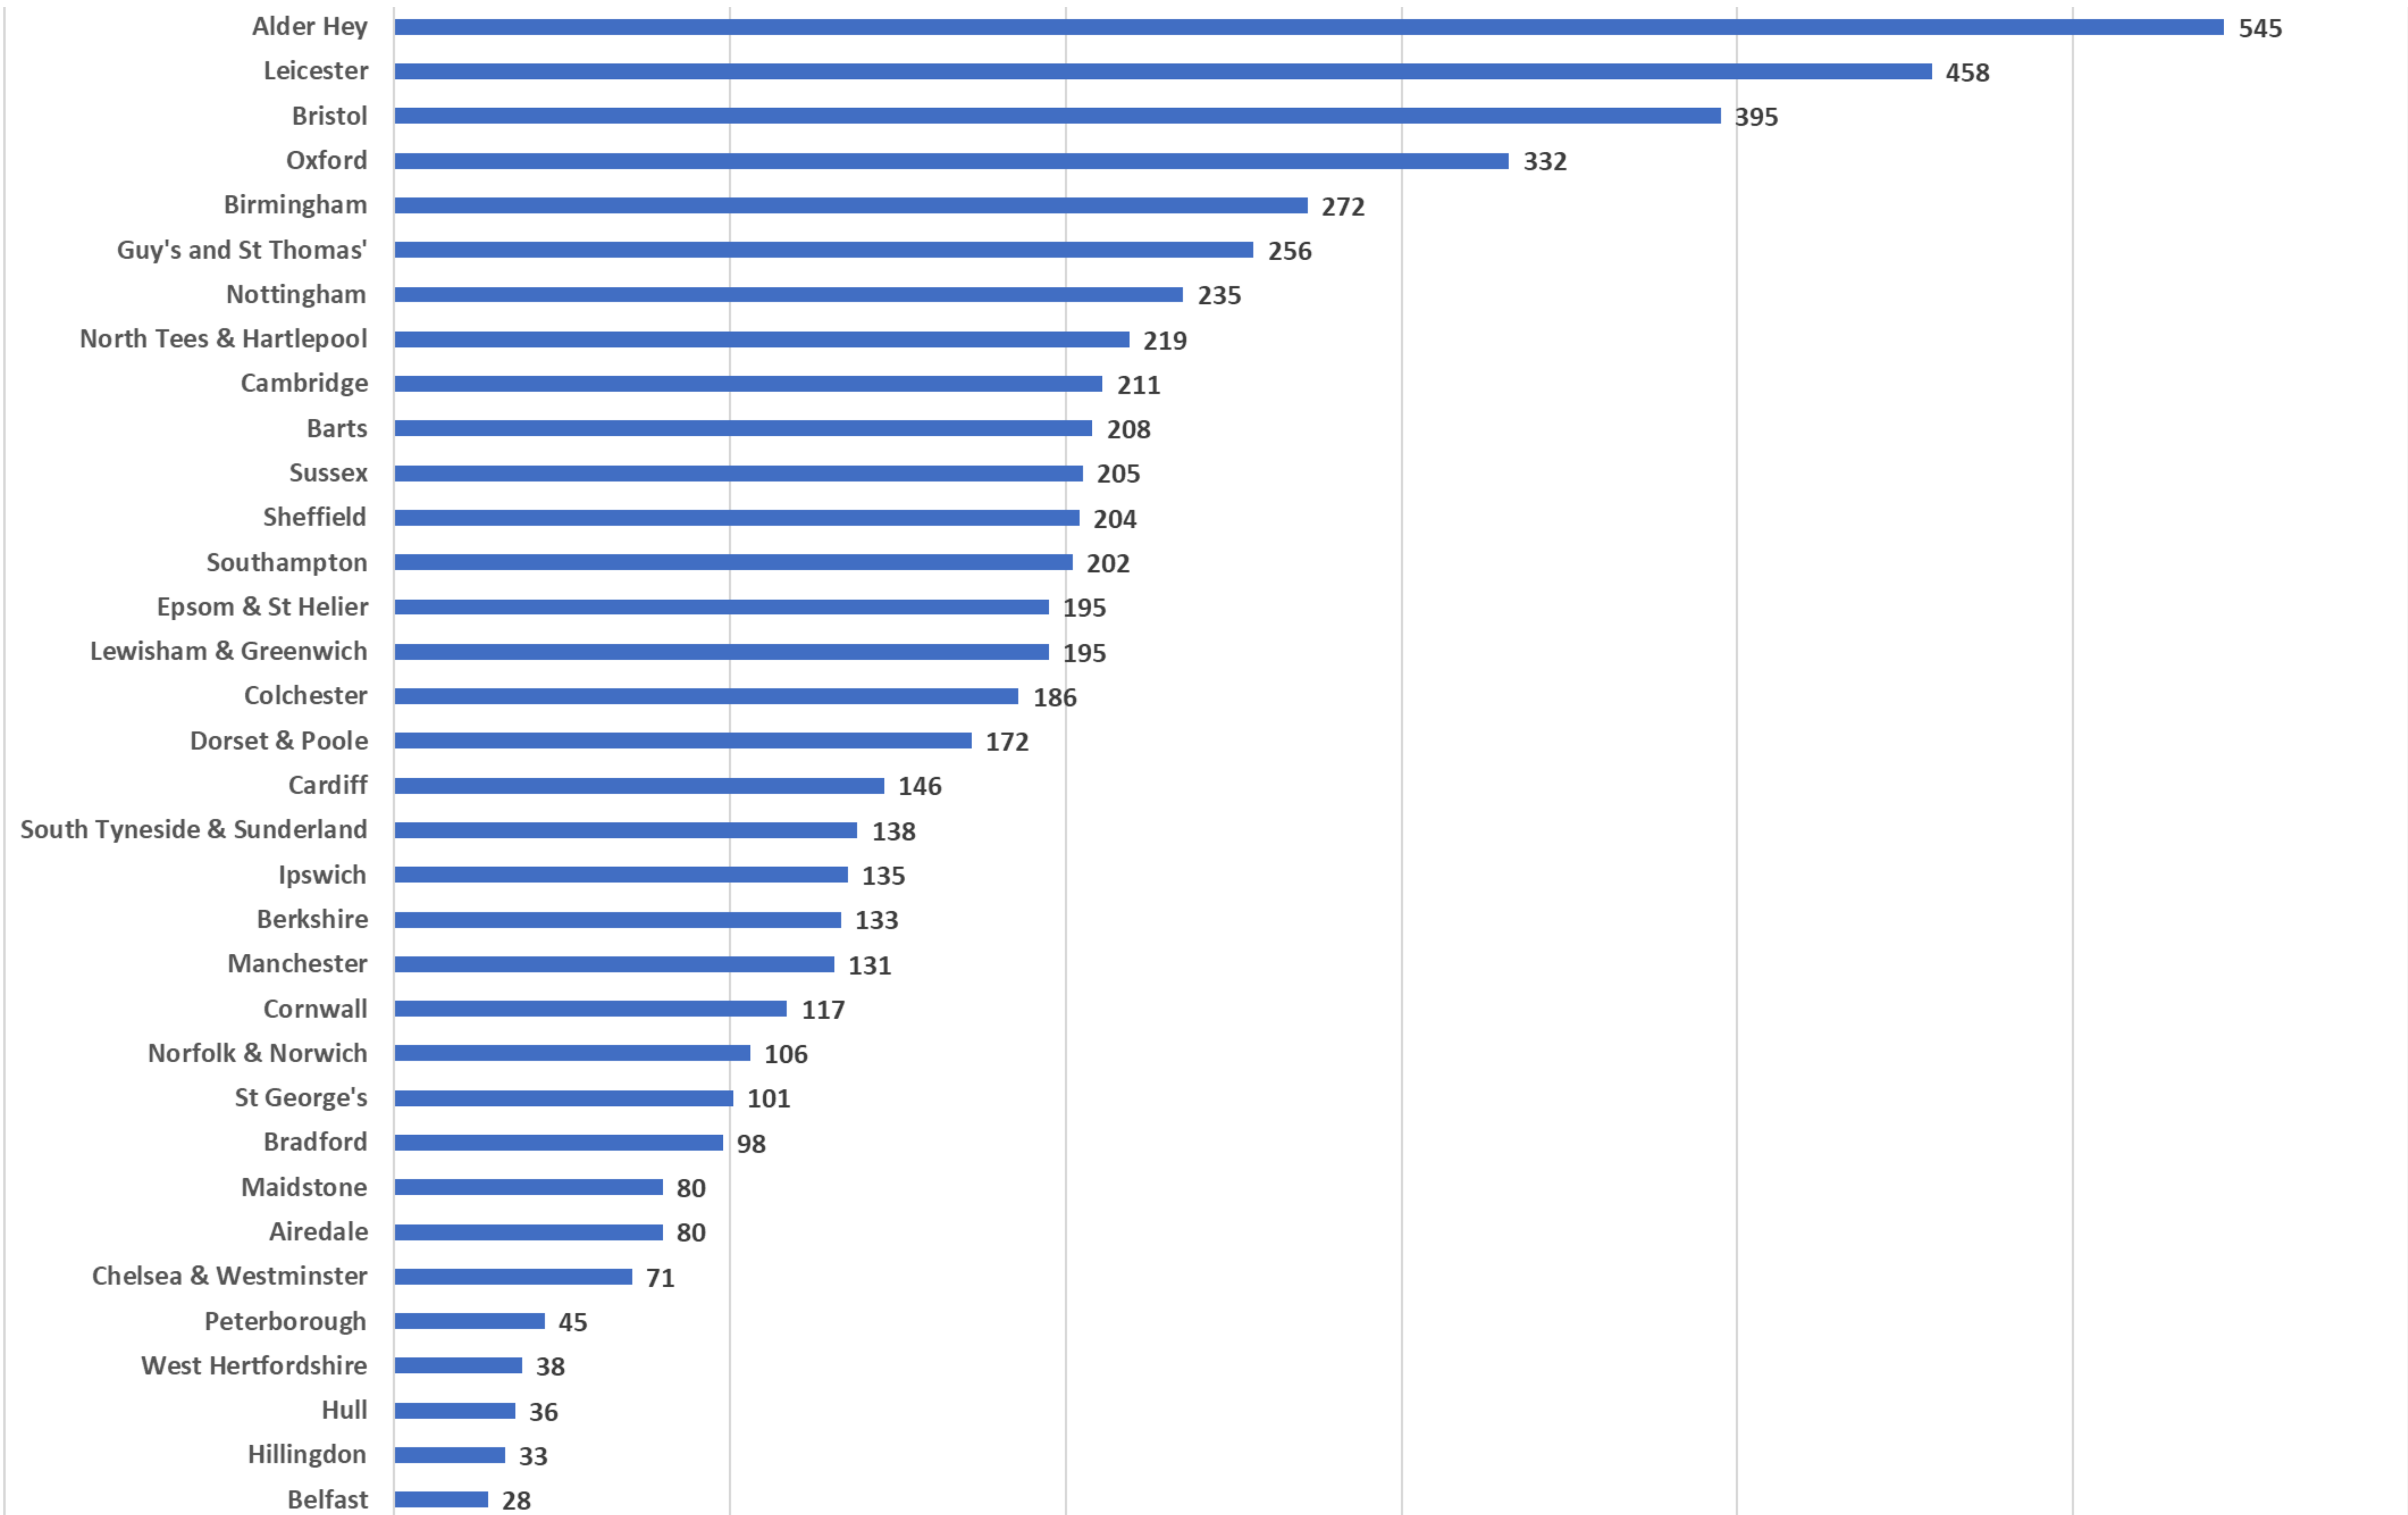

### Prospective Study Recruitment as of 17 December 2024

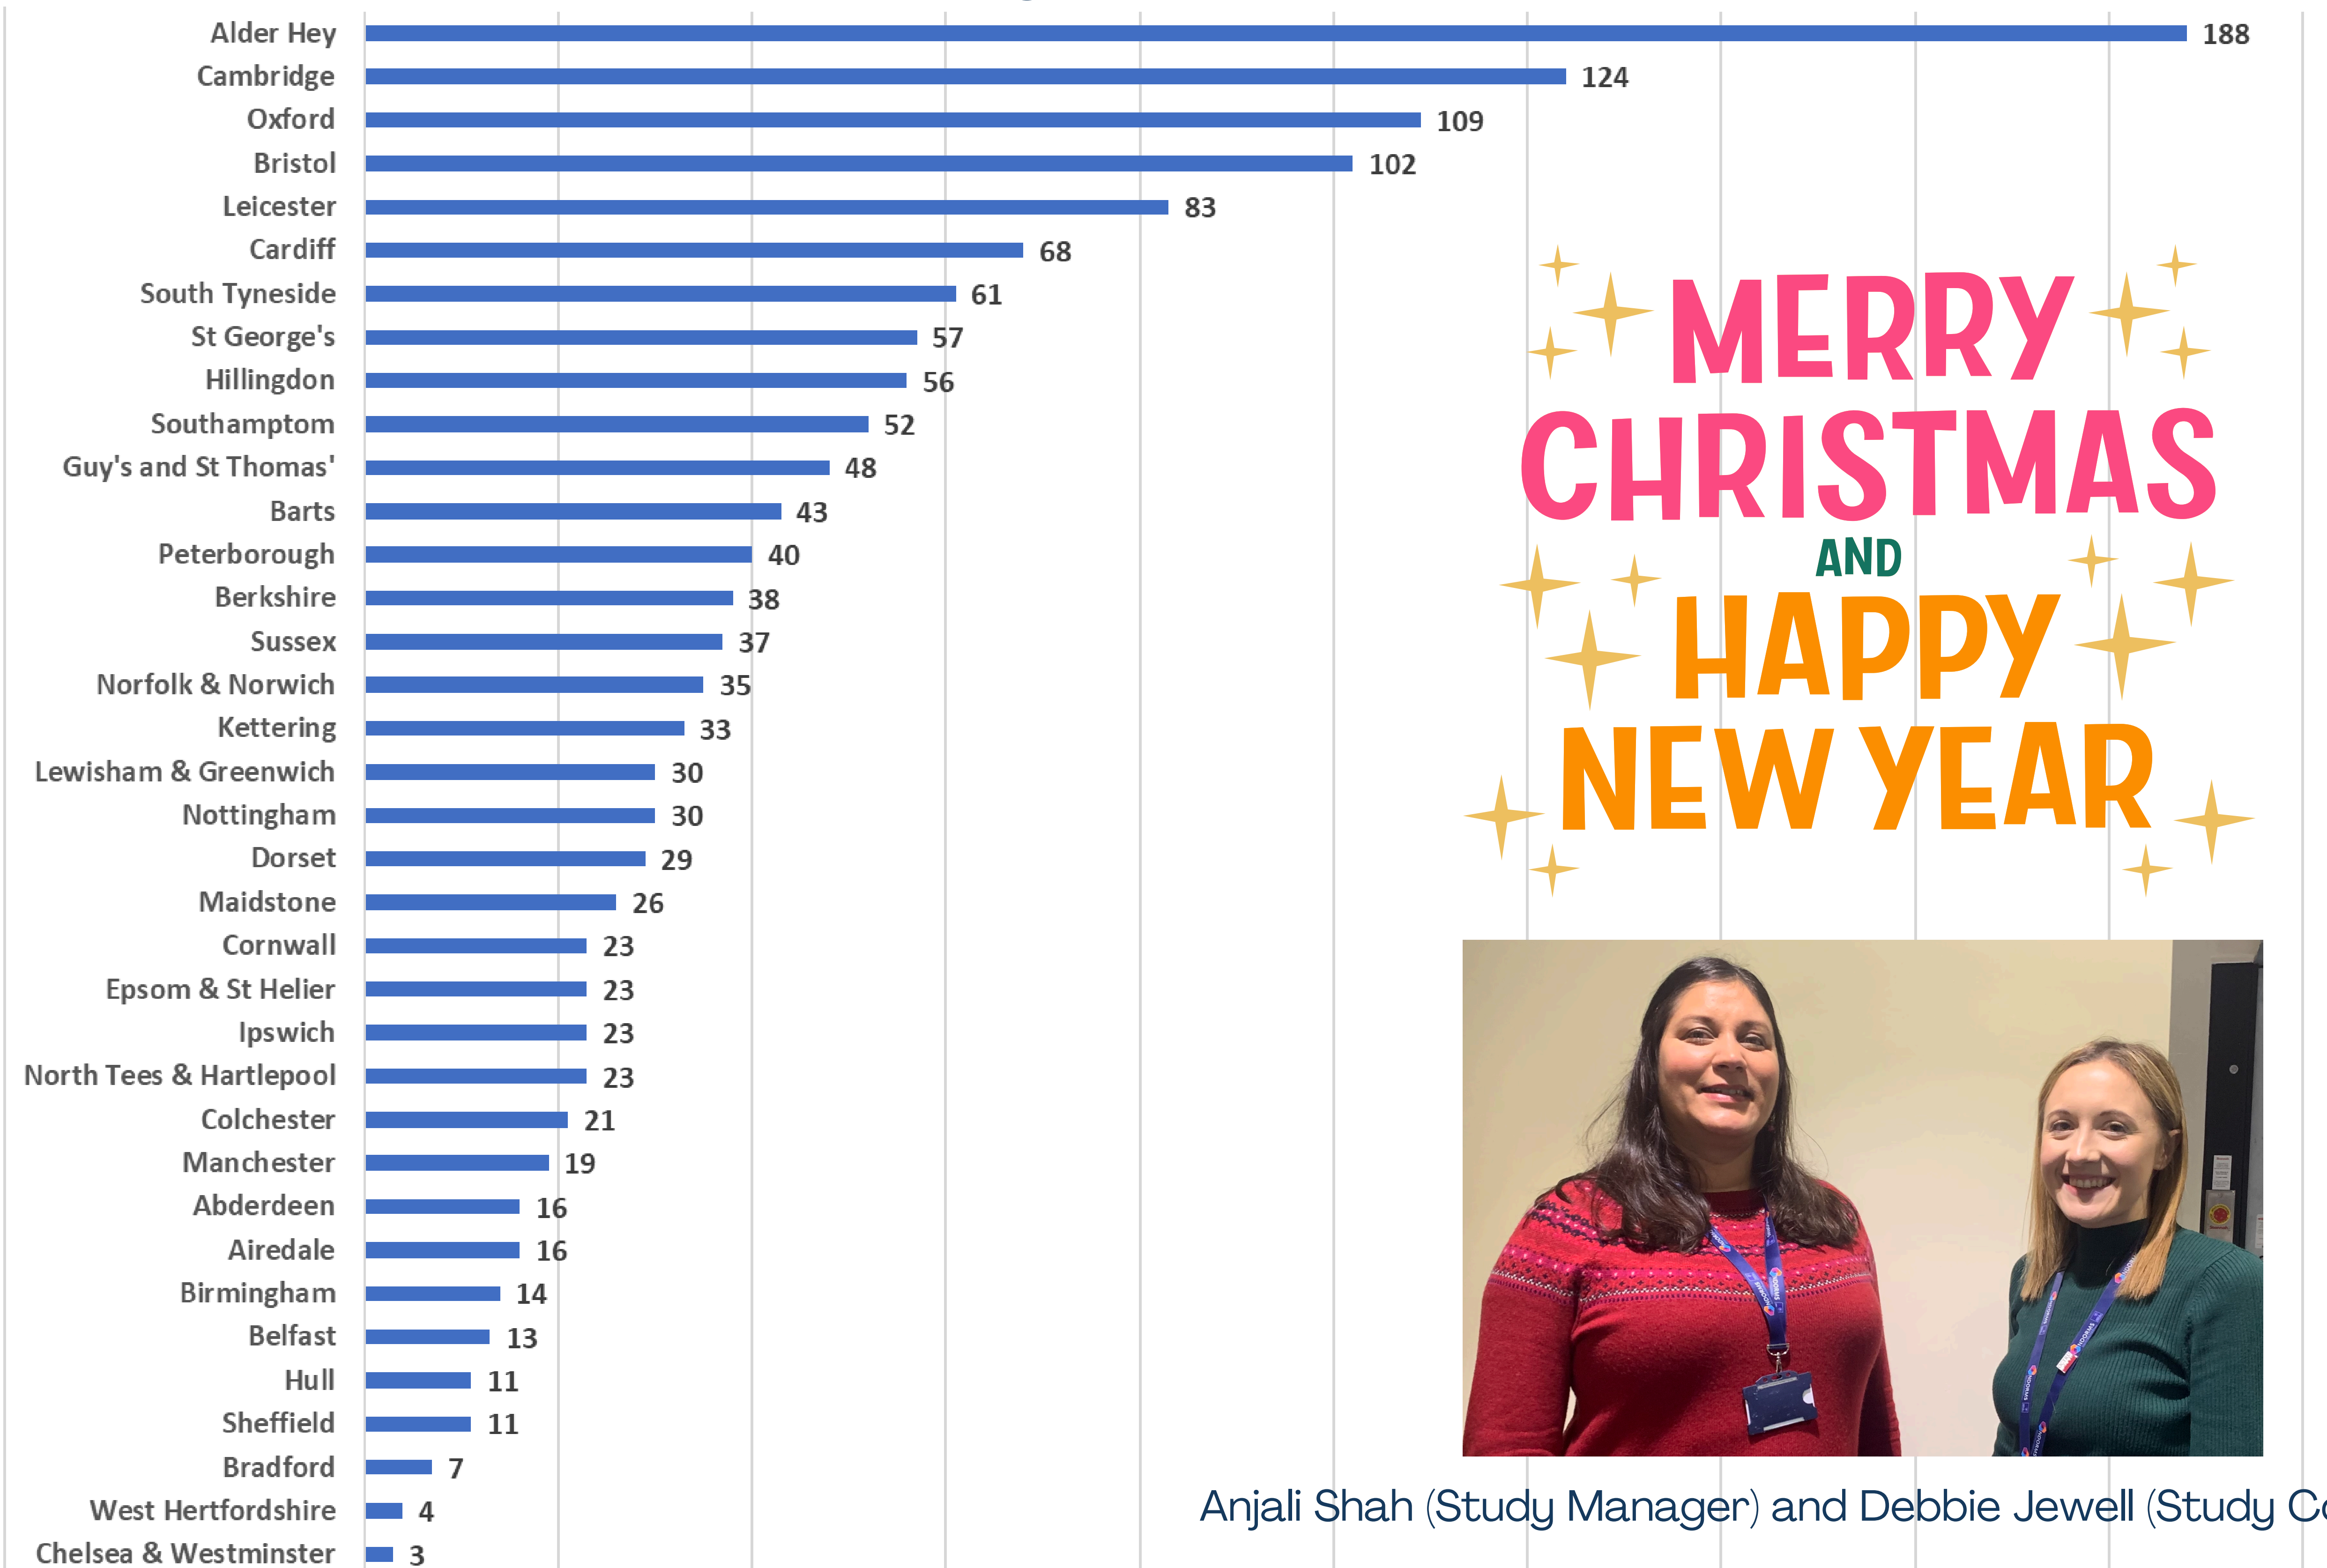

## Recruitment by Site:
