Imaging in Paediatric Osteomyelitis

Feb 2024

NEWSLETTER

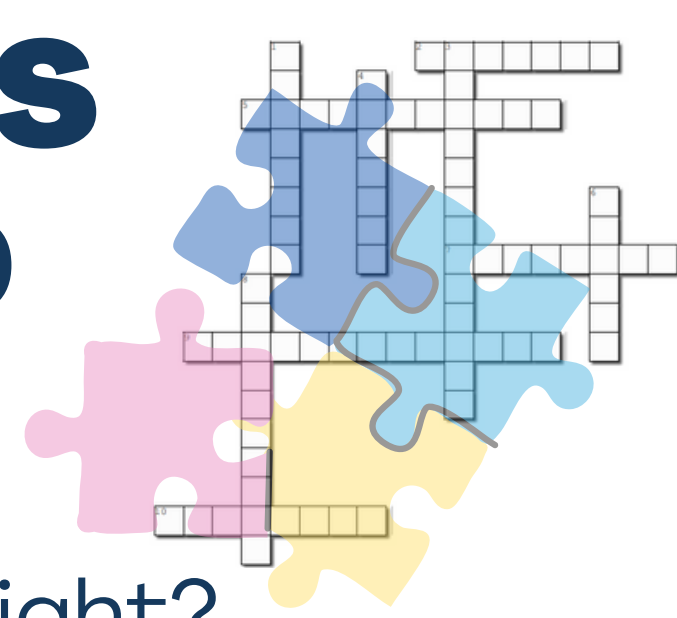

NEWS BITES:

SUBSTANTIAL AMENDMENT SUBMITTED

A Substantial Amendment has been submitted to REC, once this is approved the trial team will send round full pack of documents to each site!

LAST MONTH'S CROSSWORD ANSWERS

How many did you get right?

- | Across | Down |
|------------------|------------------|
| 2. Consent | 1. Fourteen |
| 5. Qualitative | 3. Osteomyelitis |
| 7. Excluded | 4. Limping |
| 9. Retrospective | 6. REDCap |
| 10. Magnetic | 8. Ultrasound |

A Message from Tim and Dan

We thought a bit of competition would boost numbers! Take a look at the graphs in this newsletter.

Alder Hey thought they were in for an easy win but are now facing tough competition from Colchester, Cambridge, Leicester and Southampton.

In the next two months we expect recruitment figures to increase as Spring is the transient synovitis season. Let's see what next month's graphs will look like.

Keep the good work going!

FAQ of the Month

Q: A patient we recruited went elsewhere for follow-up. How can I complete the Hospital Re-admission Form?

A: If a child initially seen with you ends up elsewhere, the central research team has the obligation to let you know.

Finding out what happened to this patient is good clinical practice and is important for clinical governance. A "data sharing agreement" is not needed for clinical reasons.

If you do pursue this communication and find out the outcome of your patient, you can complete the appropriate CRF. This process is outlined in the study protocol and there has been extensive discussions during the study application with the REC to affirm this pathway.

For full details, please look at the FAQ document dated 09Feb2024 or at the FAQ doc on sharepoint.

Recruitment Updates

Retrospective

| Name (Site) | No. Records entered |
|---------------------------------|---------------------|
| Chiara Deleonardis (Colchester) | 138 |
| Mark Lyttle (Bristol) | 135 |
| Sarah Siner (Alder Hey) | 129 |

| Lindsay Atkinson (Cardiff) | 23 |
| Stephen Fletcher (Alder Hey) | 21 |
| David Hopgood (Bristol) | 20 |
| Runners up! | |
| Diluxshy Elangaratnam (Cambridge) | 19 |
| Sabba Hussain (St George's) | 15 |

COLLABORATIVE AUTHORSHIP ACHIEVEMENTS

Congratulations to these PIC Bone front-liners, who have consented 20+ patients to the prospective or entered 100+ records to the retrospective and have therefore achieved Collaborative Authorship!
